

copy_outof_state::compute
_node_global_numbers

```
graph LR; A["copy_outof_state::compute_node_global_numbers"] --> B["multi_tools::get_ndglno"]
```

A diagram showing a call from the function `copy_outof_state::compute_node_global_numbers` to the function `multi_tools::get_ndglno`. The first function is in a grey box, and the second is in a white box, connected by a blue arrow.

multi_tools::get_ndglno
